Filmmaker Linda Brown's father embodied 1960s masculinity. But when a devastating stroke leaves him vulnerable and dependent, Linda decides to confront the silence surrounding his troubled and violent past. Drawing on home movies, family photos and interviews, she reveals secrets, uncovers lies, and discovers a redeeming treasure in a lost family video. The result is an engrossing journey about the danger of carrying unresolved grief to our graves. *You See Me* is a brave, inspiring and empowering film that documents the essence of the human condition and seeks to face the past with courage in order to change the future.
